ABOUT BIG ALFA

Big Alfa is a multidisciplinary consulting firm that focuses in providing advisory support for development initiatives. We engage with clients to address critical challenges by providing access to the best possible solutions for achieving efficiency and creating the desired impact.

PROPOSAL

1. We acknowledge the receipt of your inquiry with gratitude and are pleased to share our offer for PSA Medical Oxygen plant.

Variant One

Capacity: 5NM³/Hr (83 L.P.M.) - 17 cylinders (7M³) / Day : 109 M³ / Day

Area requirement: 4.0 X 3.0 X 3.5 (L X B X H)

Installed Power: 11Kw

Rate: Rs. 30 Lakhs (excl. of applicable GST)

Lead Time: 10-12 days

Variant Two

Capacity: 10NM³/Hr (166 L.P.M.) - 34 cylinders (7M³) / Day : 238 M³ / Day

Area requirement: 5.0 X 3.5 X 3.5 (L X B X H)

Installed Power: 18Kw

Rate: Rs. 42 Lakhs (excl. of applicable GST)

Lead Time: 10-12 days

SALIENT FEATURES

- Output Pressure : 200 Bar
- Output Parameters : O₂ : 93% +/- 3, CO₂ < 300 P.P.M, CO < 5 P.P.M, Water Vapour < 67 P.P.M, SO₂ : 0 P.P.M, NOX : 0 P.P.M
- Online Oxygen parameters monitoring(Model: 5 & 6)
- Plug & Play-Skid Mounted
- Fully Automatic-Oxygen generation as per requirements

TO WHOM IT MAY CONCERN

- Low Operation Cost : Oxygen directly from air
- User friendly operational procedure
- Equipment is fabricated in accordance with all relevant codes : ASME, IS, ANSI, NEMA.
- All Above Generators include Feed Air Compressor, Refrigerated Type Dryer, One Set of Filters, PSA Skid & 2m³ Storage Tank

TERMS AND CONDITIONS

- Price Based on: FOB Durgapur, West Bengal, India. Payment terms: 100 % advance - all payments must be with (GST) Taxes and duties
- Client scope : Transportation, Lodging(3 Star) & Fooding. Extra charges: 1. Extra Plumbing & Civil Work 2. Higher compressor capacity due to extra plumbing. 3. Water and electrical Connection.
- Validity: This quotation is valid for a period of 15 days. Delivery: 4 weeks from the date of placement of order
- Warranty: Guarantee for workmanship for a period of 12 months from the date of commissioning or 18 months from the date of S • Performance test based on set parameters immediately after commissioning
- Cancellation:- If in any case the client cancels order after production has started, charges will be as follows:
- Cancellation charge within 1 month of order placement = 30% of advance. Cancellation charge within 2 months of order placement = 60% of advance. Cancellation charge after 2 months of order placement = 100% of advance.
- Our design can't be re-used or modified with out our prior permission.Amount of gas generation depends on input air parameters.

2. We acknowledge the receipt of your inquiry with gratitude and are pleased to share our offer for 10L Medical Oxygen Concentrator.

Oxygen Flow Rate: 1-12L/min adjustable (mechanical) Oxygen Concentration: 93% ± 3% (5L/Min)

Oxygen Production Method: Pressure Swing Absorption (PSA) Display control: LED touch screen

Dimensions: 380X240X627 mm Package size: 44X34X71 cm

Power Supply: AC220V ± 22V 50 Hz±1Hz Rated Power: 380 VA

Operating Noise: 58dB(A)* Net Weight: 17.5Kg

Rate: Rs. 65,000.00 (excl. of applicable GST) Lead time: 15 days
